

# 2000s

- 50 meter course is changed from 8 lanes to 10 lanes. Both piers are extended and additional deck space is created at back pier.
- New pavilion is built providing large shaded seating area and storage area for the bubble framework and fabric storage. New Swim Shop addition constructed onto house.
- Pool's air supported bubble is replaced with rigid framed stretched skin structure.
- Gatehouse and entrance area redesigned, landscape revamped, street loading zone modified, new stone retaining walls are completed, and baby pool enclosed by fence with waterfall addition.
